Health Panorama Tremendous Success

SOME OF THOSE RESPONSIBLE: For the Health Panorama, held Sunday afternoon in the Wilmington High School. L to R: Ernest Romano, Wilmington Health Officer; Anne Butters, Public Health Nurse; Mrs. Barbara Dayton, Co-chairlady; Mrs. Bernice Butler, President; and Mrs. Vanda Cram, Co-chairlady of the Wilmington Women's Club; James J. Durkee, chairman of the Wilmington Board of Health; and Robert Stetz, Division of Health Education, New England Memorial Hospital in Stoneham.

There was but one re-action on the part of Town Manager Sterling Morris, yesterday, when he heard his first report on the Health Panorama, held in the High School, Sunday. "Let's Have Another!"

Mr. Morris had been told that there were over 1000 persons at the Health Panorama, and that 195 persons paid \$5 apiece, for the Blood Test.

Any health measure that is as popular as that was, he said, should be repeated, for those who could not attend the first time. That was the sentiment of Sterling Morris.

The Town Crier received two pieces of literature through the mail during the past weekend. Both are reproduced with this story. Both have to do with the present political campaigns. Both may be used to illustrate points in the campaigns, and this without the Town Crier taking sides.

The first concerns the Congressional race, in the 5th district. Two of the candidates are Mr. Kerry and Mr. Durkin, both with Lowell addresses. Mr. Kerry is the author of a book. Mr. Durkin used a picture of that book in an advertisement in the Town Crier, last week. That brought a letter from a Boston attorney, a Mr. McNamee.

There was nothing in the picture submitted to the Town Crier that indicated ownership rights, or copyrights. Before the Town Crier printed that picture it was scrutinized for Copy Right marks. There were none.

Mr. Kerry is a public figure, running for public office. His record, printed, is being discussed by an opponent. Whether or not one agrees with th3 opponent, it can be

observed that Mr. Kerry must have acceded to the cover. At least, there had been no protest until it appeared in the pages of the Town Crier. The Town Crier believes that it committed no wrong in printing that picture, under the circumstances. Further, it may be argued that Mr. Butler has had a favor done him, in that he has received a lot of free advertising, and perhaps has increased his sales. However, if he wishes an apology the Town Crier is perfectly willing to do so. The point involved is almost immaterial.

The other document received has to do with the voting record of Mr. Cain, in the State Legislature, vis-a-vis banking laws.

Mr. Cain has come under attack from his opponent, who states that Mr. Cain voted No, on banking measures that would affect Wilmington. It is a typical piece of misleading information.

It will be observed that Mr. Cain did not vote No. He did not vote Yes. He voted Present. Mr. Cain could do nothing else. He is in the banking business, and if he voted either for or against the bill he would have been in conflict of interest.

There are statutes which regulate this sort of thing - the giving of false information. There are penalties, with up to \$1000

Ambulance wrecked, 6 injured in Tewksbury Crash

The Tewksbury Fire Department ambulance was wrecked beyond repair while on an emergency run at 7:47 a.m. Saturday. Six persons were injured in the crash at the intersection of Main and Shawsheen streets.

A 10-month-old infant girl being rushed to a hospital after suffering a seizure apparently escaped serious injury though she was thrown by the crash from her restraining straps, out of the ambulance and onto the road, police said.

According to the report, Firefighter John W. Burris, 25 of 11 North St., was driving the ambulance north on Main Street, and Robert C. Fauvel, 32, of 31 Huntington Ave., Dracut, was driving his car east on Shawsheen when the two vehicles were involved in a collision. The impact threw the ambulance to the right, where it struck a utility pole and traffic light.

At the time of the accident, Jude T. MacNeil, 33, of 2345 Main St., was riding up front in the ambulance with Burris, and his wife, Clair MacNeil, 25, was riding in back with the infant, Shannon MacNeil, and Firefighter James J. Graham, 27, of 39 River Rd.

Police said after the mishap Burris and Graham, though both bleeding severely from head and other injuries, applied first aid to the other injured. The accident drew all available police to the scene as well as 20 on and off-duty firefighters.

Fauvel was rushed to St. John's by private ambulance. He was reported unconscious, apparently suffering from a cut above his left eye and right ear, and had to be hospitalized.

A patrol car rushed the infant and Mrs. MacNeil to St. John's. Mrs. MacNeil, who apparently suffered a bruised left shoulder and right calf, was treated and released, as was the child. Also treated and released were Burris who suffered a cut left arm and head injuries, Graham, who required 16 stitches for a cut on his head, and also suffered an injured left foot and left side of his neck, and an injured right hip, and Mr. MacNeil, who suffered a cut head, face and left arm.

Kidnapped man left in Tewksbury

A Lowell man told police he was assaulted and kidnapped, and abandoned on Marshall Street in Tewksbury about midnight of the night of Oct. 11.

Police raced to the home of Mrs. Madeline M. Adair at 386 Marshall St. at 12:08 a.m. when she telephoned them a man was knocking on her door complaining of another man outside who was trying to shoot him.

Herbert L. Ahearn, 28, of 175 Moody St., Lowell, was waiting outside the Adair house when police arrived. He told them another man assaulted him in Lowell and kidnapped him at the point of a .45 automatic before abandoning him on Marshall Street.

Ahearn described the man as six feet tall, 180-190 pounds, long blond hair, and wearing a red jacket.

WHS Wildcats take MVC Lead

The Wilmington High School Wildcats eleven extended their unbeaten streak to four last Saturday with a 14-0 triumph over Dracut. The Wildcats are now 3-0 in conference play and moved into undisputed possession of first place as Methuen (3-1) knocked off Billerica (3-1), 18-15.

Three plays after the opening kickoff the clubs exchanged the ball on Dean Devlin and Bill Piekarski fumbles, and looked like another long afternoon for the Wildcats and Middies.

Late in the opening stanza the varsity put together a 14 play - 45 yard march which stalled at the Middies nine. However, two plays later Middle quarterback Jean Dufour fumbled with Devlin recovering. It took only four running plays by the Wildcats to score the eventual game winning td. Devlin carried the ball each time for runs of 3.1, 3, and 2 yards. Doug Stewart's placement conversion was true and at 2-32 the varsity led, 7-0.

An excellent defensive play by middle guard Jack Holloway stopped Dracut on the next series of downs after the Middies had moved from their 14 to the 36.

Holloway dropped Dufour on a passing attempt forcing the Middies to take an eleven yard loss and setting up a punting situation. Taking over at the Dracut 41 on a poor Middle punt the Wildcats moved down to the 26 in seven plays before Paul Fitch fumbled and Pete Salem recovered for the visitors.

On the next series of plays Dracut moved out to midfield for the initial time in the game, but a fourth down punt was blocked by Holloway and the Wildcats took over on the Middle 37.

Keyed by an outstanding "one-handed catch" by Doug Spring at the 22 the varsity was in excellent scoring position. But two plays later Dan Stagnone of Dracut dropped Steve Coursey for a nine yard loss. The half ended shortly thereafter.

Devlin lugged the ball seven times for 75 yards to spark the 11 play touchdown drive, which was culminated by Dean's 32 yard run at 2-49 of the fourth period. Stewart's kick split the upright and the conference leaders were ahead, 14-0.

On the next series of plays Dracut put together a march of 34 yards in ten plays before a Jim McNally interception at the Wildcats 37 closed out anymore Middle touchdown plans. The varsity proceeded to run out the clock moving down the Middle 31 before time ran out.

The Jayvees parlayed a strong defense to edge a previously undefeated Dracut JV squad, 8-0 Monday. The lone td came late in the final period on a two yard run by Bob Bavota on a third down play following a Dracut pass interference at the 7. The two point conversion came on Mark Nelson's pass to end Tom Woods.

In the first half it was a defensive struggle as neither team could move the ball with any consistency.

Three Middle fumbles in the third period did not help the home team as Kenny Kumm, Ralph Dalton and Dave Anderson pounced on each of the Dracut fumbles. Anderson's recovery set the Wildcats score.

The frosh extended their scoreless streak to sixteen periods, bowing to Dracut last Friday by a whopping, 30-0.

WILDCAT BOOTERS FINALLY LOSE

The varsity soccer eleven saw its nine game unbeaten skien go by the boards Tuesday afternoon as a determined and aggressive Danvers squad defeated the Wildcats, 3-1. Coach Lentine's boys are now 6-1-3 as they had defeated Classical, 4-0 last Thursday in the rain.

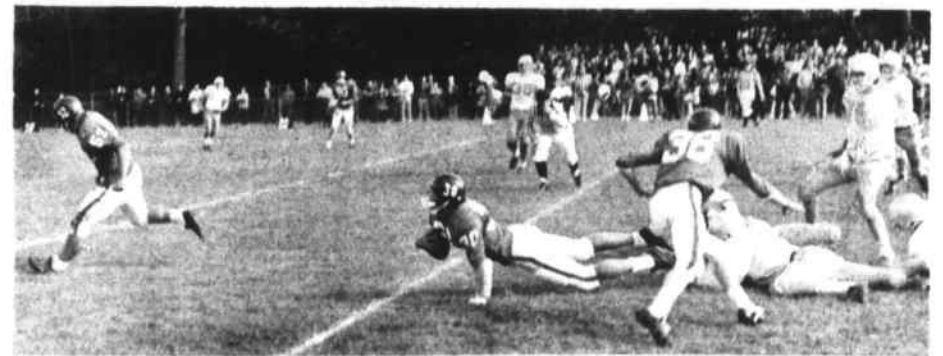

Wayne Crosswell tipped home Mark Kalkanajian's corner kick at 6-43 of the opening stanza to give the varsity an early 1-0 lead over the Falcons. But Danvers scored

one in each of the remaining three frames to provide the margin of victory. also snapped by the loss was goalie Chuck Woods' 17 periods of shut-out goal tending.

With the score tied at 1-1 midway into the third period Barry Aruda hit the post with a short five footer and moments later Bob Swisher hit the top cross bar on a drive from the left side. Danvers came right back to score the eventual winning goal as the Falcons left wing broke in all alone to beat Woods to the near side.

Danvers out shot the varsity 14-13 in the bitterly fought contest, isquipped giving up three goals. Woods was immense in the nets, as he stopped three close in shots with ease. Fullback Tom Aprile played his usual steady game on defense, but the offense could not muster any sustained drive after the opening period goal.

Last Thursday Ralph Decker scored all the varsity goals in a 4-0 drubbing of Lynn Classical in the rain. Decker's goals came at 8-13 and 12-02 of the second period and at 8-20 and 14-18 of the last frame. Crosswell, Swisher and Howie Combs picked up one assist each in the contest.

PAUL FITCH SCRAMBLES - For an extra couple of yards after being tripped up at the Middle 35 after picking up six yards in second period action of last Saturday's win. Doug Stewart (36) and Allan Jansen (52) are set to block out potential tacklers.

WILMINGTON YOUTH HOCKEY NEWS (WYHC)

Pee Wee 'A's' lost to Billerica, 3-0 last Saturday and are now 1-1 on the season in intertown play. Billerica scored the game winning goal on a second period power play and added two insurance goals in the final frame.

The Squirt 'A's' split their initial encounters, tripping Burlington, 4-1 on goals by Pete Gunn, Rich Robinson, Bob Greenberg and Fran Turner. And bowing to Somerville, 6-4 despite a pair of goals by Tim McCann and singletons by Robinson and Greenberg.

Squirt 'B's' also split their two outings, edging Burlington, 4-3 while losing to Billerica, 4-2. John Carter led the way in the triumph over Burlington with a three goal "hat trick". Rich Zambarnardi and Peter Orlando lit the red light in the loss to Billerica.

CHARGERS ROLL TO 6TH STRAIGHT

The Wilmington Pop Warner A squad over powered Dracut last Sunday, 56-36 to extend their winning skien to six, 5-0 in league play. Robert Sferazza scored six times on runs of 58, 50, 35, 27, 25 and 20 yards in leading Coach Barry's eleven to a one-sided triumph.

Other td's were garnered by Bob Aprile, a 32 yard scamper and quarterback Jim Stewart on a 2 yard keeper. Aprile picked up a two-point conversion as did Leach, while Rounds gained four points on a pair of conversion runs.

Sferazza picked up 264 yards in 16 carries, while his running mate Aprile gained 205 in 19 attempts as thunder and lightning continued their powerful running.

Defensively Aprile and Paolucci picked off errant Dracut aerials, while fumbles were recovered by Sullivan (2), Gillis (2) and Fahey (1). Kevin Hurley and Larry O'Brien played exceptionally well on the special teams.

The "B" squad defeated Dracut, 14-0 on Jim Bibeau and Timmy Moran touchdowns to post their 3rd seasonal win. Currier's boys are now 3-2-1.

WHS HARRIERS CONCLUDE BEST MVC SEASON

The varsity runners defeated Chelmsford, Central Catholic and Tewksbury in recent meets to move into second place in the conference with an excellent 7-2 record. The conference phase of the fall program concludes next week with the all-league championship meet at Billerica.

In a tri-meet at Chelmsford last Friday the Wildcats topped Chelmsford, 28-30 and Central, 20-35 to extend their win streak to three. The Wildcats picked up four of the first five places to provide the margin of victory. Carl Abell finished second at 13-22, followed by Doug Spring (4th at 13-23 despite an early injury which forced him from the race), Ian MacInnis (5th at 13-310), and Jim Murphy (6th at 13-39).

Monday afternoon the varsity trimmed Tewksbury, 21-36 in a show down for second place, both clubs were 6-2 entering the dual meet. The Redmen's Gary Ballou was the individual winner, but the Wildcats grabbed the next four places, and six of the following nine to provide the margin of victory.

Trailing Ballou over the tape were Spring (14-24), MacInnis (14-27), Abell (14-45) and Larry Singals (14-45). Chris Nee (7th at 14-45), and Jim Murphy (10th at 15-05) rounded out the top ten.

The Jayvees concluded their finest season ever, a perfect slate of 9-0 with triumphs over Chelmsford, 20-35, Central, 23-31 and Tewksbury, 23-34. Paul Reed won the Tewksbury meet with a time of 10-05 for the 1.5 mile course. The junior varsity placed five of the remaining nine places to preserve their unblemished record, while knocking the Redmen JV's from the unbeaten ranks.

AUSTIN PREP COUGARS DID IT AGAIN!

The Austin Prep Cougars, football squad ripped the opposition apart on Sunday, registering two touchdowns as they trounced early in the game, over previously undefeated Matignon High of Cambridge.

The Austin offense exploded from opening gun to final whistle. Joe Kelly and Mike McCarron of Reading scored two touchdowns each and the hard running ball carrier Paul D'Agostino of Burlington, John Gillis of Wilmington and Mike McCarron of Reading, made substantial gains each time they garried. The leading ground gainer was diminutive field general Joe Kelly. For Austin, this is the fourth straight win. They are in first place in the Catholic Central League with a 3-0 record and an overall record of 4-0.

MAD DOGS MOVE ON TOP

The Mad Dogs (3-1-1) extended their winning streak to three with a strong second half effort Monday night, defeating the Cowboys (0-2-3), 20-0. In the other contest the Vikings (1-2-2) won their initial game edging the slumping Rams (3-2-0), 15-7.

After a defensive and scoreless first half Greg Moulton busted off a 42 yard touchdown run early in the second half to provide the Mad Dogs with their margin of victory. On the next series of downs Moulton scored again, this time from 46 yards out and with Mike Carlin's PAT the league leaders were on top to stay, 14-0. In the waning moments Carlin ran in from six yards, while Steve McMullen rushed for the PAT and a Mad Dog win.

The Rams drew first blood, moving out to an early 7-0 lead as Bill Maxwell scored on a 22 yard pass from Mike Micalizzi and Micalizzi rushed for the PAT. But Jim Bruce made it 7-6 late in the half with a 21 yard run and Dave Dawe's conversion tied the score at 7-7.

Early in the second half the Vikings went ahead 9-7 on a safety as Don Moose tackled a Ram in the end zone. Eric Wood put the frosting on the win with a 6 yard td run late in the game to put the game out of reach, 15-6.

YOUR PHARMACY SPEAKS

by Louise

Do you know that the dental problem among the American people is still a serious one? By the age of 60 the average American adult has only 10 of his original teeth!

Twenty-two teeth have been lost through disease and accident, but mostly through carelessness!

Lack of dental hygiene, brushing, and the like, is our most serious problem. In fact, 60 percent of all patients twenty to thirty years of age who seek dental care have one or more missing teeth.

Now, can't we do better than that?

Among the many health products on display at Silver Lake Pharmacy, 52 Main St., Wilmington, are many dental products including tooth brushes, powders and pastes as well as denture supplies. Candy by Whitman and Candy Cupboard... Open 7 days a week from 9 am to 10 pm. Phone 658-4617.

Helpful Hint: Regular brushing and adequate dental care are the only solutions to the American dental problem.

Town counsel to rule on revoking Baldwin's Bond

Developer and Planning Board member Charles H. Baldwin Jr. saw his \$1000 bond to insure completion of Leighton Lane automatically revoked by the Tewksbury Planning Board Tuesday night provided a legal technicality didn't block the revocation.

The board voted September 26 the bond would automatically be revoked Tuesday night unless work on the street was completed. Baldwin, a selectman and member of the Planning Board didn't attend the September 26 meeting.

The apparent revocation Tuesday came after more than three months of constant complaints from Leighton Lane residents about Baldwin's failure to complete the work. Baldwin said

Tuesday, however, since September 26 he had received a notice from the Department of Natural Resources that it was suing him for an alleged violation

of the Hatch Act in building part of Leighton Lane and four lots beside it. He said he stopped work there because he believed the DNR notification constituted a cease and desist order.

Chairman Joseph Doherty referred the revocation proceedings to Town Counsel Charles J. Zaroulis after Doherty and board members Edward A. Flanagan and George B. Donovan refused to retract their September 26 vote.

During the discussion, Flanagan read the DNR notice and said he could find no cease and desist order. Baldwin said a point of law mentioned in the notice constituted the order.

Doherty told Baldwin, "We've given you enough time for this," and said as far as he was concerned it was now Zaroulis's job to take the legal steps to seize the bond if the DNR suit allowed this.

The board made another attempt to solve drainage problems of the Marcia Jean subdivision by hiring the Road Commission's consultant engineers Alonzo B. Reed, to study a plan by Developer Thomas Hodgson to drain the subdivision onto Chandler Street. The engineers would notify the board if the plan was feasible.

Baldwin recommended the action, and said if developer Thomas Hodgson didn't reimburse the board for ordering the work, he would.

Hodgson told the board two weeks ago that he would submit the plan to the Road Commission, but engineer, Lawrence Allen, of Alonzo B. Reed, said Hodgson hadn't done this. During a discussion on the matter, it was brought out that Hodgson had apparently completed drainage for the subdivision, using the original drainage plans. That was based on draining to a pond through a culvert Hodgson had no right to use.

Several residents of Henry J. Drive, on which the subdivision drains, threatened at the meeting to sue anyone who caused water problems on their property. Allen said highway workers had filled the illegal culvert Monday to prevent its use by Hodgson.

Flanagan commented about the original plan, which was approved by the Road Commission. "I would say the Road Commission was submitted false information by the developer and engineer."

Allen answered that the commission approved the original plan based on the easement Hodgson said he had for the culvert.

Doherty said if the board rescinded its approval of the initial plan, it would have to show why it did so, and suggest what could be done to make the plan acceptable. One of the reasons for the difficulties concerning the plan was that no economically feasible plan to drain the subdivision could be found by Hodgson after the problem over the culvert arose.

Allen commented, "It would be easy to say what was wrong, and give a solution. You could tell him to pump it to the moon and back."

Then Flanagan motioned to rescind approval, but the motion didn't carry when only Donovan supported him and Doherty and Baldwin voted against rescission. Flanagan's motion sparked a shouting match between Baldwin and him over Hodgson's good faith

or lack of good faith in dealing with the plan.

Flanagan said Hodgson promised the new plan to the engineers two weeks ago. "He didn't do this. Instead he is going ahead with the plan approved by (former commission engineer John Fleming), and that is illegal. It is based on an easement he doesn't have."

Baldwin said Hodgson had tried constantly in six months to present a plan acceptable to the board and Road Commission after the difficulties over the culvert arose.

The board authorized Doherty to order a new copy of the zoning by-

law printed on separate pages that could be placed in binders. Doherty said pages could then be removed or added if changes were made to the by-law. The board agreed to his suggestion the town charge \$1 apiece for copies of the by-law in the future, instead of providing them free as in the past.

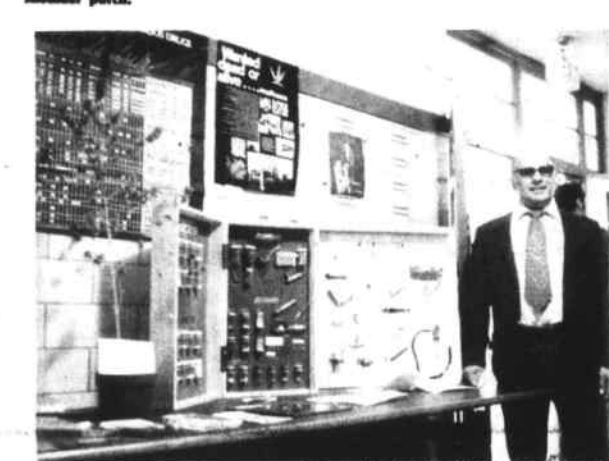

A public hearing was held on the application of Domenic Germane to locate two house lots on a planned extension of Kent Street. Abutter Richard Sheehan of 251 Foster Rd. opposed granting permission for the lots, as did Mrs. Cecilia M. Webb of 21 Kevin St.

TEWKSBURY POLICE INVESTIGATE 11 BREAKS

Tewksbury police were hard pressed keeping up with lawless elements Monday when they received reports of 11 house, store and office breaks as well as forced entry or vandalism that damaged 10 cars and buses in one parking lot.

An equipment trailer and refreshment stand were broken into in the Livingston Street Park over the weekend. Police said a large amount of sports equipment and clothing were missing from the trailer, and two sets of goal poles were shattered.

Two offices at 853 Main St. were entered over the weekend. Frederick H. Baldwin Jr. said among other items stolen were a \$180 checkwriter machine along with a \$285 adding machine. Atty. Raymond J. Packowski could only determine immediately that an electric typewriter was missing. Entrances were apparently gained through doors to the offices, police said.

Three homes abutting each other were broken into over the weekend. John L. Marold of 1706 Main St. could only determine immediately that some gold coins were taken. Joseph Picciotto of 38 Tanglewood Ave. couldn't determine immediately what was missing. Warren Bennett of 40 Tanglewood Ave. said \$75 in silver coins were missing.

Police said entrances were apparently gained in the Marold home by forcing open a bedroom window, in the Picciotto home by forcing open an inner door and in the Bennett home through an open side window.

Other weekend breaks occurred in the store of Henry Matarozzo of 1928 Main St. and home of William F. Bernhardt Jr. of 7 Strang St. Matarozzo reported two cash registers broken into and \$50 to \$60 taken. Bernhardt said he could only determine immediately that a color TV was missing. Police said a disused exhaust shaft was used to enter the store, and a kitchen window was forced open at the home.

Ten vehicles in the Atamian Volkswagen lot on Main Street were broken into through vent windows and in some cases vandalized over the weekend. A car and bus were owned by the firm. Seven cars and a bus were owned by persons throughout Massachusetts and New Hampshire, police reported. No one could determine immediately what was missing.

Bernard Hogan of 26 Tomahawk Drive reported his home broken into since he went on vacation Oct. 8. He said three radios worth a total of \$144 were taken. Police said a cellar window was smashed in forcing entrance.

Baldwin attempts to open controversial Road

Selectman Frederick H. Baldwin Jr. tried to get the Tewksbury Board of Selectmen Tuesday to legally open Henry J. Drive because he said the Road Commission was unable to meet to vote opening the road.

Baldwin's action came only 24 hours after the Planning Board, to which he also belongs, narrowly missed rescinding approval of the drainage plan for the subdivision which included Henry J. Drive. The Road Commission has repeatedly refused to open up Henry J. Drive because of the drainage problems.

The Planning Board vote saw Baldwin and Chairman Joseph Doherty opposing rescission, and members George B. Donovan and Edward A. Flanagan voting for the action. Split votes to not carry in such cases.

That vote left Hodgson's original plan still approved, and Hodgson in recent weeks completed drainage according to the plan.

Baldwin said he was asking the selectmen to open the Road because Road Commissioner Neil Niven's father died, and the Road Commission cancelled its coming meeting Thursday because Niven would be unable to attend.

Baldwin said Hodgson wanted the road opened legally so gas lines could be run to two homes there. He said, "The Road Commission planned to give approval Thursday night."

Selectman Charles H. Goldstein questioned Baldwin whether the commission definitely planned to approve opening the road, or merely to consider approving it. Baldwin answered, "They planned to consider it."

Goldstein and Selectman Frank A. Antonelli questioned whether the selectmen had the right to open the street, and asked Town

Counsel Charles J. Zaroulis to rule on the matter.

Zaroulis answered, "I don't see where we have the right." He said the law under which Baldwin hoped to have the selectmen open the road was invalid now.

The selectmen, in other action, placed on file an Alcoholic Beverage Commission charge against Freddie's Package Store at 2297 Main St. for selling beer to a minor, and noted it was a first offense.

Norman Boudreau, chairman of the Finance Committee, and committee member William Houlihan informed the board it would transfer \$20,000 to replace the Fire Department ambulance wrecked in a collision Saturday provided there were no legal objections. Zaroulis said there were no legal bars to transferring the funds.

The selectmen proclaimed Tuesday, Oct. 31, "Trick or Treat" night and gave their nod to a Halloween Safety Campaign formulated by the Tewksbury Jaycees. The campaign limited time for the door to door activities from dismissal of school to 8 p.m.

Howard D. McGlaughlin, of 23 Henry J. Drive, was appointed a trustee of the public library to replace the late Maurice Conway.

The selectmen instructed Executive Director Ruth Aubert to contact area taxi services to learn if they could serve Tewksbury.

The action came after Police Chief John F. Sullivan notified the board Town Taxi had been fined \$100 for delivering alcoholic beverages to a minor.

Various selectmen alleged the taxi service was operating more vehicles than it was permitted, and several were being driven by drivers who didn't have proper licenses to drive taxis.

WILMINGTON COUPLE TO SERVE ON REPUBLICANS FOR KERRY COMMITTEE

Norman and Irene Ely, of Birchwood Road, Wilmington will serve on the newly-formed Republicans for Kerry Committee.

Chairman of the organization will be Milton Prevost of Andover.

Mr. and Mrs. Ely expressed the opinion that the Fifth District has had effective representation in Congress. "Brad Morse was always a leader among his fellow Congressmen," they said. "We

believe that John Kerry will maintain that same level of leadership for the Fifth District in Congress" they added.

Assisting the Elys in this effort will be Arthur Justice, Ernest Castonguay, Vinal and Carrie Lewis, Arthur Williams, Leo Cyr, Vincent Roderick, and Mary Kirkell, all from Wilmington.

TEWKSBURY LWV SEEKS FUNDS

The Tewksbury League of Women Voters has begun its annual finance drive to obtain funds to support its activities for the

coming year.

The League, a non-partisan organization, is seeking to obtain \$1,000 in the drive which will end October 28.

League members are soliciting the funds from business and professional people as well as civic minded citizens.

Mrs. Charles Whittemore, chairman of the finance drive, said the funds will be used to support the League's work, which ranges from conservation and needs of the elderly to a study of the proposed graduated income tax.

"The League was instrumental in gaining passage of a Town Meeting article regarding wetlands conservation," Mrs. Whittemore said.

In addition to a study of needs of the elderly and the graduated income tax, she said, League members also are participating in the Master Plan study, are studying the judicial system, evaluating public and private recreational needs, and are planning to publish a "Know Your Schools" booklet in 1973.

WILMINGTON HIGH SCHOOL ACCREDITATION CONTINUED THROUGH 1975

The Wilmington school administration has received word that the New England Association of Schools and Colleges will continue the accreditation of Wilmington High School temporarily through 1975.

The Association in a letter dated October 13, stated that the Commission of Public Secondary Schools has reviewed and accepted the two-year progress report of Wilmington High School and has voted to continue the school's accreditation through 1975 with a stipulation that a special progress report be submitted to the Commission on or before June 1, 1973.

Commission action indicated a degree of satisfaction with progress made to implement valid visiting committee recommendations. Concern was expressed that the community had not responded positively to Commission concerns identified in a notification letter dated January 8,

1971. To be specific, the Commission emphasized the need to work towards construction of adequate school facilities. The Commission stated, "With the new high school bond issue defeated in November, 1970, and an addition defeated in June, 1971, it is not difficult to understand that a significant percentage of recommendations considered valid are in the 'Planned for the Future' category."

Continued accreditation would appear to hinge on future community action.

"This Time, It's Miceli For Me"

Let's face it! Jim is the man we've always gone to whenever we had to contact the Governor, Senators Kennedy or Brooke, Brad Morse, or a state official. They all value his judgement, and with due cause. Jim Miceli knows our area and people so well through his years of diligent service on:

Board of Selectmen (1966-1972)
Planning Board (1963-1966)
Citizens Advisory Planning Council
Massachusetts Selectmen's Association
Region 5A Mass. Federation of Planning Boards
Ipswich Watershed Commission
Mass. League of Cities and Town
MBTA Advisory Board

Combine this local experience with his respected working relationships with senior government officials and we have the makings of an ideal State Representative.

Join me in voting for Jim Miceli on November 7th.

Committee to Elect Jim Miceli

Experience

Paul Cronin has 11 years experience at the local, state and federal levels of government.

That is the real difference in this election.

That is the big plus for the people in this district.

It means the people of the Fifth Congressional District will be represented by a 34-year-old man who possesses the unique combination of youthful energy and governmental know-how far beyond his years.

It means the people will have a Congressman who knows

how to get things done. Someone who can do more for the people and the district, because Paul Cronin has lived in this district all his life and knows the problems.

Paul Cronin has served as a Selectman, State Representative and Chief Assistant to Congressman F. Bradford Morse.

He has dealt on a daily basis with all the problems confronting this district. He has the knowledge and training to solve these problems and he has demonstrated his ability to match the problems with the proper

solutions.

No other candidate has this experience.

Experience isn't the only reason Paul Cronin will be an outstanding Congressman. He is committed to the concept that as a Congressman he should be and will be available—continually—to all of us.

Paul Cronin represents the same ideals which have served the people of this district well.

Paul Cronin is everything a Congressman should be—and will be.

Paul Cronin

Antonelli and McAskill differ on many Questions

Democrat Frank A. Antonelli and Independent Paul J. McAskill showed during questioning on major issues this week that while they will face each other in the November 7 election, they face in opposite directions on many issues.

The two candidates seek to fill the state representative's seat for Tewksbury in January, when incumbent Kevin C. Sullivan retires from the post.

Antonelli is a town selectman and a veteran of a decade of service on town boards. McAskill is a former town auditor who has been a politically vocal resident since moving to the town 12 years ago.

Their answers to the questions follow. "A" will represent Antonelli's responses, and "M" will represent McAskill's.

1. Would you vote for a graduated state income tax, and what are your feelings about one?

A - I definitely feel it is an improvement over the existing tax structure, though I'm not convinced it is the best possible way of solving the tax problem. It is only fair that persons who are earning more should pay more.

M - If we have to have added taxes it may be better than the present way of paying taxes, but when the people go to vote on that, they aren't really voting for a GICT. There are four different ways of organizing the tax. The concept is okay, but one must be passed without loopholes.

2. Would you favor elimination of the so-called "temporary" sales tax if a graduated income tax were passed by the legislature?

M - Unless the people elect men

who will put an end to the concept that the only way we can do anything for people is to spend more money, then it would be impossible to eliminate any taxes. Economy has got to be practiced.

M - A - That wouldn't be possible to determine now. First we have to see what the results of the GICT would be. Then we would have to see if we could get rid of the temporary sales tax.

3. Do you favor a cut in the size of the state House of Representatives?

A - I want to see a fair distribution of seats, with towns able to join together in districts. In projects we share with Lowell now we only get drippings. This might happen if we were joined with Lowell.

M - I originally said I would, but I'm not sure now. Ten votes killed the bill to have the whole state pick up the MBTA deficit. It might deal more money, and wouldn't be the move toward economy it appeared to be. Metropolitan Boston would have a great deal more to say.

4. Do you favor legal abortions in this state? Why or why not?

A - I support present laws, but feel there should be more facilities for birth control to prevent unwanted pregnancies rather than allowing them or abortions.

M - I don't want any part of legal abortions where anyone and everyone can get one. We must have some morality.

(Continued next week)

PACK PERCEIVES POLICE - Ptl. Samuel G. Stephens played guide for members of Cub Scouts of Den 2 of Pack 49 when they toured Tewksbury Police Station Wednesday afternoon. The scouts surprised Stephens with their knowledgeable questions.

ANTONELLI PROPOSES CLINIC SITE

Selectman Frank A. Antonelli told the Tewksbury Board of Health Tuesday Tewksbury State Hospital had at least one building available that could be used for a town clinic.

Antonelli said he and Mrs. Jean Dunleavy discussed a proposed 24-hour clinic with hospital Supt. Thomas Saunders. Saunders, he reported, showed them two buildings on hospital land that might serve as a clinic. Saunders, according to Antonelli, said he would consult with hospital trustees to learn if they would allow transfer of at least one of the buildings to the town. Mrs. Dunleavy is both a nurse and operator of the town's hotline to handle drug and other problems.

Antonelli reported the one building would almost certainly be torn down if the town didn't want it, but the second building might be used by the state. He said legislative approval would be required for transfer of a building to the town. At least one building,

he said, would probably be ready for town use from nine months to a year from now.

The selectman asked the health

School dances cancelled for this month

by Kathy Heider 851-2652

As it stands now, there probably will not be a junior class dance as was originally scheduled for the end of this month. Students cannot hold any more dances until bars are put on bathroom windows in the high school, and each student has an identification card with his picture on it.

NEXT COLUMN

board to gather doctors, laymen and administrators to study operating a clinic in the town, perhaps in one or both of the buildings. Chairman Everett F. Penney Jr. said the board would discuss the matter in detail with Antonelli and Mrs. Dunleavy at a future meeting.

School Supt. John Wynn reportedly said at a School Committee meeting this summer that students were not interested in attending school dances. Nevertheless, 600 students showed up for the first dance of the year. At the second dance October 14 only 350 students were allowed into the cafe because of fire laws, and 70 were turned away.

The six or seven police at the October 14 dance did a great job keeping order in (and liquor out of) the dance, but what happened to the bathrooms? They are usually monitored closely for smoking, but why did some students use the bathroom windows for an entrance? Was it because they couldn't afford the small admission fee, or was it because they were turned away at the door? If the cafe is too small to hold all the students who wish to attend these dances, why not use the gym for future dances? Anyway, Principal Lawrence McGowan said the dance Saturday night was a big improvement over the first one.

New lights are needed at the high school. If there had been more lights Saturday those students would not have tried to

enter the windows for fear of being caught. Besides, in past years many students found it extremely hard to see the numbers on school buses because of the early darkness in winter. Some had to call their parents for rides home at summer time when they missed buses in the confusion.

Because of problems with dances at the high school, it seemed a good idea to learn something about the proposed youth center. But the Tewksbury Council for Youth is administering construction of the center, and its chairman, Paul McAskill, refused to answer questions about it when contacted. Frank Antonelli, chairman of the Livingston Street Recreation Area Committee, did talk though. He said the center should be located in front of the Livingston Street park, and 90 per cent of the center would consist of a large hall. The remainder would be taken up by two office rooms and a storage room at one end.

Several history classes at the high school are going on field trips. Some are going to Sturbridge Village Wednesday, Oct. 25, some to the Freedom Trail in

Boston on Thursday, Oct. 26, and some to the International Fair in Watertown Friday, Oct. 27. There will be entertainment all day at the fair, including stage shows, steel bands, dancing, games and other events. Who said there isn't fun in history classes?

Bits and pieces - Did you see the 33 Tewksbury seniors on the Paul Benzaquin Show Wednesday? Selectman Charles H. Goldstein, who originated the idea for a Tewksbury Antler, describes it as "a workshop of concerned citizens drawn from each walk of the town's social strata (level), meeting to discuss problems of mutual concern." Freshmen Tuesday elected Renee Kerr and her alternate, Donna Robitaille, to represent them on the Antler. Those Kerr girls are really popular. Renee's older sister, Standler, was elected to represent juniors. Mr. Kent Forty doesn't care what Paula McGrath thinks of his choice of neckties. "I like my white tie," he said in good humor after reading Paula's comment in this column. Did you buy your "Redmen" bumper stickers? Orders for class rings will be taken at the high school Friday.

MELROSE-WAKEFIELD TRUST COMPANY
A Shawmut Association Bank — Member F.D.I.C.

There's a
top-paying job here
for your money . . .

Your earnings start the day of each deposit and the money works for you around the clock at the highest "pay-rate" set by law.

Keeping "unnecessary" money in your wallet or at home gets you nothing, except the temptation to spend it, perhaps needlessly. With this in mind, deposit as much and as often as you have it.

Come and earn interest around the clock, with dividends paid the first of each month on all Accounts of ten dollars or more. We're here from 10 to 5 p.m. Monday through Friday; and on Thursdays from 10 to 8 p.m.

LEARNING DISABLED YOUNGSTERS WILL "TELL IT LIKE IT IS"

On Thursday evening, October 26th at 8 pm, Stuart Robinson, president of Mass. Association for Children with Learning Disabilities and the "Landmark Rovers" will be the guest speakers of the Wilmington ACLD. The event will be held at the Wilmington Memorial Library and the public is cordially invited.

The "Landmark Rovers" are a group of children of various ages who will literally "Tell it like it is". They will tell how they felt and what they went through because of their disability. Most importantly they will explain how they were helped and hopefully give insights into their problems.

The presentation should be especially informative to parents of learning disabled youngsters, but just as important to the youngsters is the understanding of the community as a whole.

For more information call Mrs. Philip Murphy at 658-6323.

HOSPITAL FUND AUCTION GLOWING SUCCESS

In spite of the cold and high winds of last Sunday, hundreds of people turned out for the Hospital Fund Auction and first Annual Apple Festival held at the McNamara Tire Co.

The Wilmington Hospital Building Fund Committee is most grateful to all who aided in any way to make the event the glowing success that it was.

Full details will be offered in next week's Town Crier.

AW NUTS!

Dear Larz:

I have some bad news and some good news. First the good news. The nut tree photographed in the Town Crier recently is, indeed a chestnut tree. Now the bad news. It is not an American Chestnut.

When I saw the photo, I was struck by a similarity to my own Chinese Chestnut trees, which have just recently come to bearing size. The Rounds property being only a half mile from my own, I walked over there and found the tree. Since I do not profess to be an expert on nut trees, I decided to appeal the case to a higher court, namely, the Connecticut Nut Growers Association in New Haven, with whom I've had prior correspondence. I mailed several burs and leaves from the Rounds tree to the attention of Dr. R.A. Jaynes, president of the Conn. Association, and a recognized authority on all types of Chestnut trees. His reply, receive a day or two ago, was unqualified; the tree is definitely a Chinese Chestnut.

Chinese Chestnut trees (which are blight resistant) were introduced into North America about 35 years ago, to hopefully replace the blighted American variety.

The Chinese nuts are somewhat larger and very nearly as good tasting (some claim better) than the American. My guess is that Dr. Rounds planted this tree about 25 years ago. Since single trees are not self fertile, it may not have borne nuts until recently, and is, I suspect, now being cross pollinated by bees and wind, courtesy of my two trees.

TOWN OF WILMINGTON

MASSACHUSETTS WARRANT SPECIAL TOWN MEETING

To: Either of the Constables of the Town of Wilmington:
GREETINGS: In the name of the Commonwealth of Massachusetts and in the manner prescribed in the By-laws of said Town, you are hereby directed to notify and warn the inhabitants of the Town qualified to vote in Town affairs to meet and assemble at the High School Gymnasium Monday, the Thirtieth of October, A.D., 1972 at 7:30 o'clock in the evening to consider and act upon the following articles:

ARTICLE 1. To see if the Town will vote to accept the provisions of Section 8A of Chapter 40 of the General Laws as established by Chapter 297 of the Acts of 1954 and as most recently amended, and to establish a development and industrial commission consisting of not less than five or more than fifteen members with all the powers and duties thereof as provided in said Section 8A of Chapter 40 General Laws, or do anything in relation thereto.

ARTICLE 2. To see if the Town will vote to raise and appropriate a sum of money for the purpose of laying a water main in Oakwood Road, Reading Avenue, Maple Road and Davis Road for certain distances as shown on a plan on file with the Superintendent of the Water Department, of not less than six inches but less than sixteen inches in diameter, in accordance with the recommendations of the Board of Water and Sewer Commissioners acting under the provisions of General Laws (Ter. Ed.), Chapter 40, Section 42G to 42I inclusive, and determine how the appropriation shall be raised, whether by taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto.

ARTICLE 3. To see if the Town will vote to amend the Revised By-Laws of the Inhabitants of the Town of Wilmington by deleting Chapter 3, Section 15, and substituting as follows:

Chapter 3, Section 15.
The Selectmen may accept from time to time in behalf of the Town the right of easement for the purposes of storm drains, pedestrian walkways, streets, and retaining walls, provided such right of easement is made by a good and sufficient instrument executed by the donor in proper form to be recorded in the Registry of Deeds, or do anything in relation thereto.
(Note: This adds pedestrian walkways, streets, and retaining walls after the words "storm drains".)

ARTICLE 4. To see if the Town will vote to raise and appropriate a sum of money for the purpose of undertaking a comprehensive study and analysis of the technical and financial feasibility of establishing a town-owned and operated municipal electrical utility and department by the employment of a qualified consultant and other expenses, and to determine how the appropriation shall be raised, whether by taxation by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto.

SOUND OF MUSIC - The cast of the Tewksbury Teen Theater Workshop were really into the swing of things rehearsing "The Sound of Music" Tuesday. From left are Mike Wasilowski, Patty Place, Debbie Stephenson, Kathy Place, Jody Rich, Lynn Ewen and Curtis Montague.

TEENS READY**SOUND OF MUSIC**

The Tewksbury Teen Theater Workshop will present "The Sound of Music" this weekend in the Tewksbury Memorial High School auditorium.

Friday and Saturday the curtain will go up at 8 p.m. A special matinee will be presented Sunday at 2 p.m. in which children under 12 years old will be admitted at half-price. All proceeds will go to the McCarthy Memorial Scholarship Fund established by the workshop a year ago.

"The Sound of Music" was one of the most successful musicals in Broadway history, and its film version was one of the three highest grossing films ever made.

Directed by Rita Place and Norman DeMarais, the cast includes Jody Rich as Maria, Bill Mangeri as Captain Von Trapp, and Kim Peters as the mother abbess.

Jayne Gath and Dana Ewen play sisters Sophia and Berthe. Susan Montague is Sister Margareta, and playing the Von Trapp children are Cindy Kastylo, Curtis Montague, Kathy and Patty Place, Debbie Stephenson, Michael Wasilowski and Lynn Ewen.

David Plunkett plays the bon-vivant, Max, and Joyce Boyer is Elsa, Maria's aristocratic com-

petition for the captain's affections. Tickets are available from any member of the group, and special rates are available for theatre parties. For information call 851-6248. The presentation will cap six weeks of nightly rehearsals and weeks of scouring Tewksbury for props.

CAIN FOR WILMINGTON

**WE HAVE WORKED WITH FRED CAIN
WE KNOW WHAT HE HAS DONE
- AND CAN DO FOR WILMINGTON**

By persistent legislative leadership, Fred Cain has produced the only workable traffic bottleneck. The Route 129 By-Pass will finally solve our most dangerous traffic problem.

George W. Boylen, Jr.
Chairman, Board of Selectmen

As a selectman, I have wrestled with the problems created by the Reading Municipal Light Department poor service and outrageous charges. Fred Cain has proposed legislation to give Wilmington consumers a voice in the

control of that utility. If Fred Cain is re-elected we may finally be able to protect Wilmington's interests.

James Banda
Selectman

Wilmington is the only town in Massachusetts legally authorized to prevent the building of houses on substandard "50 foot" lots. Fred Cain obtained this protection over the opposition of builders and state agencies and officials. Wilmington is the exception only because Fred Cain is there.

Dan Gillis
Selectman

Nicholas DeFelice
Former Selectman

For the better part of a century, Wilmington has suffered from dangerous railroad bridges. Fred Cain is the first and only legislator ever to accomplish the actual removal of these deathtraps for our school children.

John Brooks
Vice Chairman, School Committee
Former Selectman

When state officials and communities along the Ipswich River proposed to flood large areas of Wilmington for "water storage", Fred Cain personally blocked this planned disaster for Wilmington, and saved millions of dollars in taxable valuation for our taxpayers. Fred was also the deciding factor in bringing Volkswagen to Wilmington - another break for our taxpayers.
